DIAGNOS ANNOUNCES UPSIZE OF PREVIOUSLY ANNOUNCED BROKERED PRIVATE PLACEMENT TO \$3.65M LED BY CENTURION ONE CAPITAL

Brossard, QC, November 25, 2025 – Diagnos Inc. (“**DIAGNOS**” or the “**Company**”) (TSXV: ADK and OTCQB: DGNOF) is pleased to announce that it has upsized its brokered private placement as previously announced in its press release dated November 10, 2025, due to strong investor demand. Under the amended terms, the Company will issue up to 12,166,667 units (“**Units**”) of the Company at \$0.30 per Unit (the “**Issue Price**”) for aggregate gross proceeds of up to approximately \$3,650,000 (the “**Offering**”).

Each Unit shall consist of one common share in the capital of the Company (each, a “**Share**”) and one common share purchase warrant (each, a “**Warrant**”). Each full Warrant shall entitle the holder thereof to purchase one Share (a “**Warrant Share**”) at a price of \$0.40 for a period of eighteen (18) months following the Closing Date (as defined herein). In connection with the Offering, the Company has also granted the Agent an opinion exercisable at any time prior to 2 business days prior to the last closing of the Offering to increase the size of the Offering by an additional 1,750,000 Units for aggregate gross proceeds of up to approximately an additional \$525,000.

The Offering is led by Centurion One Capital Corp. (the “**Lead Agent**”) as lead agent and sole bookrunner.

The gross proceeds of the Offering will be used for regulatory affairs, product development, business development and general corporate purposes.

Subject to compliance with applicable laws, the Units to be issued under the Offering will be offered by way of private placement in each of the provinces of British Columbia, Alberta, Ontario and Quebec, in the United States pursuant to an exemption from the registration requirements of the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”), and in jurisdictions outside of Canada and the United States as may be mutually agreed by the Company and the Lead Agent provided it is understood that no prospectus filing, registration or comparable obligation arises in such other jurisdiction.

The Offering is expected to close on or around December 3, 2025 or such other date as agreed upon between the Company and the Lead Agent (the “**Closing Date**”) and is subject to certain conditions, including, but not limited to, the receipt of all necessary approvals including the approval of the TSX Venture Exchange (the “**Exchange**”). The securities to be issued under the Offering will have a hold period of four months and one day from the Closing Date under applicable Canadian securities laws.

It is anticipated that certain insiders of the Company and Lead Agent may acquire Units in the Offering in amounts up to approximately 50% of the Offering. Any participation by insiders in the Offering will constitute a related party transaction, as defined under Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions*. The Company expects such participation will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 as neither the fair market value of the Units subscribed for by the insiders, nor the consideration for the Units paid by such insiders, is expected to exceed 25% of the Company's market capitalization.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the U.S. Securities Act or any state securities laws and may not be offered or sold within the United States or to U.S. persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.
